## A4:

EXCEL 500 sheets/box  
 others 500 sheets/ream  
 5 ream = 2500 sheets per outer carton

## Giroform LASER:

A4  
 500 sheets/ream  
 5 ream = 2500 sheets per outer carton

## Other Sizes:

up to 80 g/m<sup>2</sup>:  
 500 sheets/ream

Container Standard Specification:  
 cannot be detailed as the stack height and pallet  
 dimensions used are dependant upon the type of  
 transportation and containers used.

# Standard Sheet Specification for Giroform - UK

Sizes, Sheets per Ream, Sheets per Pallets,  
Pallet Dimensions and Height of the Loaded Pallet

 Mitsubishi HiTec Paper Bielefeld GmbH Marketing		The sheet sizes, pallet and loaded pallet dimensions are expressed in cm. Any special concerning quantity, the number of sheets per pallet or special pallets (e.g. with longitudinal boards) must be agreed with the head office sales department in advance.
