

## Press Release

# Price increase for all speciality papers from Mitsubishi HiTec Paper from March 1st, 2022

Bielefeld – January 21, 2022

From March 1, 2022, Mitsubishi HiTec Paper will increase the prices for all speciality papers (*thermoscript*, *jetscript*, *giroform*, *supercote*, *barricote*) by 10% worldwide. The reason for this is the continued increase in the cost of gas, chemical raw materials and logistics services.

Customers will be contacted directly by the Mitsubishi sales team.

Mitsubishi HiTec Paper Europe GmbH is a German subsidiary of Mitsubishi Paper Mills Ltd., Japan, one of the world's leading manufacturers of specialty paper. The roughly 770 employees at Mitsubishi HiTec Paper Europe produce high-quality direct thermal, inkjet, carbonless, label and barrier papers for flexible packaging at two tradition-rich locations in Bielefeld and Flensburg. Each factory stands out for own base paper production, state-of-the-art production machinery and innovative coating technologies. Through its dense global sales network, Mitsubishi HiTec Paper Europe supplies a full range of specialty papers for many applications and printing technologies – and is a highly capable partner whenever customized coated paper solutions are required.
