

## Press Release

# Mitsubishi HiTec Paper with price increase for thermal papers

Bielefeld – September 22, 2023

As of 1.10.2023 Mitsubishi HiTec Paper will increase the prices for *thermoscript*<sup>®</sup> thermal papers by up to 10%. The aim is in particular to counteract the price decline of recent months, which has had varying effects in the different regions and application areas, while costs remain at a high level.

Customers are contacted directly by the Mitsubishi sales team and advised personally.

**Mitsubishi HiTec Paper Europe GmbH** is a German subsidiary of Mitsubishi Paper Mills Ltd., Japan, one of the world's leading manufacturers of specialty paper, and produces high-quality direct thermal, inkjet, carbonless and barrier papers for flexible packaging. The company stands out for own base paper production, state-of-the-art production machinery and innovative coating technologies. Through its dense global sales network, Mitsubishi HiTec Paper Europe supplies a full range of specialty papers for many applications and printing technologies – and is a highly capable partner whenever customized coated paper solutions are required.
