

Press Release

Price adjustment for giroform® carbonless papers

Bielefeld – October 31, 2023

Mitsubishi HiTec Paper will increase the prices for giroform carbonless papers for orders received from 1 November 2023. Due to the continued high costs, this step is necessary to counteract falling prices on the markets and to be able to continue offering giroform papers in the usual high quality.

Depending on the region and market, the rate of increase will be agreed individually. Giroform customers will be contacted directly by the Mitsubishi sales team and advised personally.

Mitsubishi HiTec Paper Europe GmbH is a German subsidiary of Mitsubishi Paper Mills Ltd., Japan, one of the world's leading manufacturers of specialty paper, and produces high-quality direct thermal, inkjet, carbonless and barrier papers for flexible packaging. The company stands out for own base paper production, state-of-the-art production machinery and innovative coating technologies. Through its dense global sales network, Mitsubishi HiTec Paper Europe supplies a full range of specialty papers for many applications and printing technologies – and is a highly capable partner whenever customized coated paper solutions are required.
